The information in these minutes is accurate, to the best of my knowledge:

[each team member attending this meeting is expected to either sign or type their name]

[It will be considered a **serious breach of ethics** if a team meeting form is "signed" by a member who did not attend or who does not agree that the information in that report is accurate, to the best of their knowledge.]

The block contains four handwritten signatures. From left to right, they appear to be: Gurwinder (a stylized signature), Abdul (a signature starting with 'A'), Becky (a signature starting with 'B'), and Nathan (a signature starting with 'N').
